Professional Summary

Aspiring AI and Data Science Engineer with hands-on experience in software projects, internships, and certifications. Skilled in data analysis, problem-solving, and developing solutions for financial analysis and breakdown assistance systems. Passionate about technology and contributing to innovative projects.

Education

Navkis College of Engineering, Hassan	**2021–2025**
Bachelor of Engineering in Artificial Intelligence & Data Science, VTU	**CGPA: 7.5**
Mahesh PU College, Hassan	**2021**
12th Grade	**72%**
SVM English High School, Hassan	**2019**
10th Grade	**80%**

Technical Skills

- **Programming Languages:** Python, SQL, JavaScript, NoSQL, Solidity
- **AI & Machine Learning:** Supervised/Unsupervised Learning, Data Preprocessing, Model Evaluation
- **Data Science & Analytics:** Data Analysis, Statistical Analysis, Data Visualization, Predictive Modeling
- **Database Management:** SQL Server, MySQL, Query Optimization, Data Modeling
- **DevOps & Cloud:** Docker, Kubernetes, Containers
- **Web Technologies:** HTML, CSS, JavaScript, Backend Development, RESTful APIs
- **Tools:** Git/GitHub, VS Code, Jupyter Notebook, Excel Advanced Functions
- **Documentation:** Technical Docs, Requirements Analysis, Project Management, LaTeX
- **Blockchain:** Smart Contracts, Distributed Systems, Cryptocurrency

Experience

TechCiti Private Limited, Bengaluru	**2024**
Software Development Intern	
10 SECONDS, Remote	**2022**
Technology Intern	

Projects

- **Blockchain-Based Student Performance Data Analysis (2025)** – 8th semester academic project combining AI analytics with blockchain security for educational insights
- **Stock Recommendation Engine Using AI & ML (2024)** – Machine learning model using market datasets for portfolio suggestions
- **On-Road Vehicle Breakdown Assistance (2023)** – Real-time location and emergency response system
- **Invoice Billing System (2023)** – Automated billing, inventory management, and report generation

Certifications

- Microsoft 360 Certification – 10 SECONDS (2022)
- Cyber Security Certification – NICC (2023)
- AI & ML Internship – TechCiti Softwares (2024)

Personal Attributes

- Analytical thinking and detail-oriented problem solving
- Strong communication and team leadership abilities
- Self-motivated fast learner with growth mindset
- Adaptive to new technologies and agile environments
- Excellent documentation and collaboration skills

Declaration

I affirm that the information presented in my resume is true, accurate, and complete. I acknowledge the importance of honesty in the application process and take full responsibility for the integrity of the information provided.
